

PRODUCT CATALOGUE 2020

WHO WE ARE...

Pritam Electricals was established in 1983. Today Pritam is a name synonymous with cutting-edge, high quality switches and electrical products in India. Situated in Kolkata, West Bengal, Pritam has been an industry leader, serving clients across India since its inception.

We have built our reputation on developing and manufacturing products of the highest quality, through precision in design and manufacturing as well as attentive quality control, in order to provide products with optimum performance and durability. We are proud of our achievements and are dedicated to delivering products of the highest standard; our products are quality assured to the international quality management system standard ISO 9001 and are produced in a state of the art manufacturing facility in SEZ of Kala Amb in Himachal Pradesh. Thanks to our strong network of distributors, our products are available in almost all parts of India.

Our vision is to get resounding success in every juncture of Pritam and our track record of longevity and success are the proof of same. Integrity and hardwork are not only our values but also the foundation. Since the inception, we have been maintaining them. Through controlled growth and staying on the forefront of industry trends, we believe that we are ideally keyed up for the brightest future.
